Red Means Stop, Green Means Go

Naz Kupelian Salon Helps Customers Send the Right Signal for Valentine's Day

(Greater Boston, MA) - Nothing is more annoying than getting hit on when happily in a relationship or, even worse, having that family heirloom ring mistaken for something more and getting passed over by Mr. or Mrs. Right! **Naz Kupelian Salon and Spa** located in **Lexington, MA** has come up with a cute and colorful **Valentine's**

Day promotion to send a clear message via hair styling. Customers that come into the salon during the **month of February** will be offered a **free hair chalking** in either **green for "go"** or **red for "stop"** as a signal to someone preparing to make a move.

Chalking is a playful, non-permanent hair coloring technique perfect for achieving a flirty new look for special occasions or everyday style. Wear this Valentine's chalk message with confidence and avoid the usual confusion of the **dating** game; tell anyone who is putting the moves on that all systems are go, or that they should back off! Chalking is **free with any salon or spa service** during the month of February. To **book an appointment** call **781-676-7791**. Please notify the salon about receiving the free service at time of booking.

For those whose status is "**complicated**" - **yellow** is also available.
